## Profile

As a Front-End Developer, I am well-versed in ReactJS and NextJS. I have a strong understanding of front-end development principles and a passion for creating engaging user experiences. I am a proactive problem-solver who takes pride in delivering high-quality code and collaborating effectively with cross-functional teams. I am eager to continue growing my skills and making an impact in the industry.

## Professional Experience

### Front-End Developer, *EnterERP*

10/2021 – present  
Istanbul, Turkey

- Experience in developing E-commerce and B2B websites using NextJS. Contributed to successful projects such as Baxana [🔗](#) and Molimba [🔗](#), delivering high-quality and efficient solutions.
- Developed the official website for EnterERP [🔗](#) from scratch using NextJS and TailwindCSS. Implemented various SEO techniques to increase visibility and drive organic traffic to the site.
- Proven ability to seamlessly integrate back-end APIs and collaborate effectively with cross-functional teams to deliver high-quality, innovative web projects.
- Implemented dynamic HTML invoice templates to meet individual client requirements
