PROFESSIONAL SUMMARY

Motivated undergraduate IT student with a strong foundation in web development. Passionate about creating responsive, user-friendly websites. Proficient in front-end and back-end technologies such as HTML, CSS, JavaScript, and modern frameworks. Skilled in problem-solving and eager to apply technical knowledge to real-world projects while continuously learning and contributing to innovative development teams.

EDUCATION

Birla Vishvakarma Mahavidyalaya   **2022 – 2026**
*Information Technology - **CGPA - 9.28***   *Anand, Gujarat*

COURSEWORK / SKILLS

- Data Structures & Algorithms
- C++ Programming Language
- Git/GitHub
- Web Development
- OOP Concepts
- Operating Systems
- Unix/Linux Environments
- Computer Networks
- Database Management Systems (DBMS)

TECHNICAL SKILLS

Languages: C, C++, Javascript, Python, R,SQL, PHP

Frameworks: ReactJS , NEXTJS , Node , Express

Skills: Tailwind CSS, Shadcn ui,Data Analysis

Developer Tools: VS Code, Github , MongoDB ,Postman

PROJECTS

Expense Tracker | NEXTJS , MONGODB , GenAI

- This expense tracker website helps you manage your finances effectively with a range of features. The Dashboard provides graphical insights into your spending patterns through interactive charts. An Add Transaction page allows you to record income and expenses, categorized for easy tracking. The History page offers detailed transaction records with filters by category and date. An AI-Powered Assistant recommends budgeting tips and includes a chatbot to answer your financial queries. It's a user-friendly platform to track, analyze, and optimize your expenses.
- Features : Dashboard, Add Transactions, History, AI ChatBot.

Mega blog | ReactJS , TailWindCSS , AppWrite

- MegaBlog is a modern, feature-rich blogging platform built to empower users to create, share, and engage with content seamlessly. It combines the dynamic frontend capabilities of React.js, the sleek and responsive designs of TailwindCSS, and the robust backend services of Appwrite to deliver a powerful blogging experience.
- Features :Home Page, My Posts, Add Posts, User Account, Responsive design

EXPERIENCE

ErrorX IT Solutions | Data Analysis in R

- During my internship in Data Analytics, I worked extensively with R programming to clean, preprocess, and analyze large datasets. I performed exploratory data analysis (EDA) using tools like ggplot2. I also generated reports and visualizations to present insights to stakeholders. Additionally, I collaborated with teams, documented processes, and optimized R scripts to streamline data workflows.
